

31st October 2018

COMPANY ANNOUNCEMENT, JAPAN

We are very pleased to announce EMORI InfoTech as our authorized resellers for all Innovyze products in Japan. From 1st of November 2018, EMORI Infotech will look after all sales and support for all Innovyze products including the XP branded products in Japan. Innovyze is very committed to expand and continue working in Japan with the support from EMORI Infotech. Innovyze has been leading globally not just in storm, sewer and flood management but across sectors such as water supply, asset management and operational analytics in managing future needs in a demanding and changing water industry. We are investing heavily in research and development and aspire to continue leading and improving communities around the world. We value Japan as an intrinsic part of our region. EMORI Infotech will be expanding their resources to grow further in developing the water resources sector in Japan. We look forward to working with EMORI Infotech in Japan.

Added Products to EMORI Infotech portofolio:

xpswmm

xpswmmj

xp2D

xpdrainge

All sales and support inquiries regarding XP branded solutions should now go to EMORI Infotech.

The reseller contract between Forum8 and Innovyze will expire on 31st October 2018. We thank Forum 8 for the work they have done in the past in supporting XP branded products developed by the former XP Solutions.

With this transfer, EMORI InfoTech Co., Ltd will be authorized and responsible to demonstrate, promote, market, distribute, support and provide training for all Innovyze software and related materials including XP branded products.

Yours faithfully,
Innovyze
