

What's New in Version 2021.6

This topic lists all the additions and improvements incorporated in ICMLive Operator Client 2021.6 which were not available in previous versions.

Desktop analytics

A new option, **Desktop analytics**, has been added to the **Help** menu. Selecting this option displays the [Desktop analytics](#) dialog, which can be used to opt in (default) or out of allowing Innovyze to collect data about your use of ICMLive Operator Client. Opting in allows the data we collect to be used to help improve our products' features, performance and quality.
